WHICH WORD? 词语辨析

Many of these words involve making sb believe sth that is not true, but some of them are more disapproving than others. **Deceive** is probably the worst because people typically deceive friends, relations and others who know and trust them. People may *feel cheated/betrayed* by sb in authority who they trusted to look after their interests. If sb **takes you in**, they may do it by acting a part and using words and charm effectively. If sb **cheats/fools/tricks/cons** you, they may get sth from you and make you feel stupid. However, sb might **fool** you just as a joke; and to **trick** sb is sometimes seen as a clever thing to do, if the person being tricked is seen as a bad person who deserves it. 以上各词多含使人将假话信以为真之义，但其中有些词贬义较另一些词强。deceive 大概贬义最强，主要指欺骗朋友、亲戚和其他认识和信任自己的人。相信掌权者能够顾全自己利益却遭欺骗可用 feel cheated/betrayed。通过装腔作势或花言巧语等骗人用 take sb in。哄骗、愚弄他人用 cheat/fool/trick/con。只为开玩笑可用 fool。如果被戏弄者是应该受到惩罚的坏人，可用 trick，表示计谋巧妙。

Synonyms 同义词辨析

claim

allegation • assertion

These are all words for a statement that sth is true, although it has not been proved. 以上各词均表示未经证实的说法。

claim a statement that sth is true, although it has not been proved 指声明、宣称、断言

allegation (*rather formal*) a public statement that is made without giving proof, accusing sb of doing sth that is wrong or illegal 指无证据的说法，指控

assertion (*rather formal*) a statement of sth that you strongly believe to be true, although it has not been proved 指明确肯定，断言

CLAIM OR ASSERTION? 用 claim 还是 assertion？

When the point in doubt is a matter of opinion, not fact, use **assertion**. 表示坚持观点而非断言属实，用 assertion：~~*She made sweeping claims about the role of women in society.*~~ When you are talking about a matter of fact you can use either word; an **assertion** may be slightly stronger than a **claim** and it is a more formal word. 表示断言属实，两词可以通用。assertion 比 claim 语气稍强，且更正式。

WHICH WORD? 词语辨析

These words all have almost exactly the same meaning. There are slight differences in register and patterns of use. If you *make sth clear/plain*, you do so deliberately because you want people to understand sth; if you *make sth obvious*, you usually do it without meaning to. 以上各词意思几乎相同，只是在语体风格和句型使用上稍有区别。make sth clear/plain 表示刻意为使别人明白； make sth obvious 通常并非刻意：~~*I hope I make myself obvious.*~~ ◇ ~~*Try not to make it so clear/plain.*~~ In the expressions *clear majority*, *for obvious reasons*, *for no apparent reason* and *plain to see*, none of the other words can be used instead. You can have *a clear/an obvious/a plain case of sth* but not ~~*an evident case of sth*~~. 在 clear majority（明显多数）、for obvious reasons（因为显而易见的原因）、for no apparent reason（没有明显的原因）和 plain to see（显而易见）中，表示"明显"的词不能替换。可以用 clear/obvious/plain case of sth（明显的情况），但不能用 an evident case of sth。

COMMENT, REMARK OR OBSERVE? 用 comment、remark 还是 observe？

If you **comment on** sth you say sth about it; if you **remark on** sth or **observe** sth, you say sth about it that you have noticed: there is often not much difference between the three. However, while you can *refuse to comment* (without *on*), you cannot 'refuse to remark' or 'refuse to observe' (without *on*). * comment on 表示谈论某事，remark on 或 observe 表示谈论或评论注意到的事物。以上三词通常无大的区别，但拒绝评论可说 refuse to comment（不带 on），不能说 refuse to remark 或 refuse to observe（不带 on）：~~*He refused to remark/observe until after the trial.*~~

of course

- **Of course** is often used to show that what you are saying is not surprising or is generally known or accepted. For this reason, and because it can be difficult to get the right intonation, you may not sound polite if you use **of course** or **of course not** when you answer a request for information or permission. It can be safer to use a different word or phrase. * of course 常用以表示所说的事不足为奇或理所当然。与此同时，由于可能不容易掌握恰当的语调，用 of course 或 of course not 回答询问或请求时可能显得不礼貌。因此，用其他词语或短语可能更稳妥。
  - *'Is this the right room for the English class?' 'Yes, it is.'* "这是上英语课的教室吗？" "是的。" ◇ *~~'Of course.'~~* or *~~'Of course it is.'~~*
  - *'Can I borrow your dictionary?' 'Certainly.'* (*formal*) "我可以借用一下你的词典吗？" "当然可以。"（正式）◇ *'Sure.'* (*informal*) "当然可以。"（非正式）
  - *'Do you mind if I borrow your dictionary?' 'Not at all.'* "我借用一下你的词典行吗？" "没问题。" ◇ *'Go ahead.'* (*informal*) "拿吧。"（非正式）
- If you say **of course/of course not** it may sound as though you think the answer to the question is obvious and that the person should not ask. In the same way, **of course** should not be used as a reply to a statement of fact or when someone expresses an opinion. 如果用 of course/of course not 回答，听起来就好像是说答案太明显，用不着问。同样，of course 不宜用于回应别人对事实的陈述或意见的表达： *'It's a lovely day.' 'It certainly is.'/'Yes it is.'* "天气真好。" "确实真好。" / "是的，真好。" ◇ *~~'Of course it is.'~~* ◇ *'I think you'll enjoy that play.' 'I'm sure I will.'/'Yes, it sounds really good.'* "我想你会喜欢那出戏的。" "我肯定会的。" / "是的，这戏看来真棒。" ◇ *~~'Of course.'~~*
